Rui Simões

Full Stack Developer

Loures • 925 473 719 • ruinunoss@gmail.com

SUMMARY

Full Stack Developer with a degree in Computer Engineering, specialized in modern technologies such as Java, SQL, React, React Native. Hands-on experience building web and mobile applications with a focus on clean architecture and user experience. Currently strengthening backend skills through an intensive Java course.

WORK EXPERIENCE

React Native Developer | Findmore Solutions *Feb 2025 - Jun 2025*

- Developed native mobile applications with React Native for iOS and Android platforms
- Integrated external APIs and optimized application performance
- Implemented clean code best practices and mobile architecture patterns
- Collaborated with cross-functional teams in an agile environment

Programmer | Deloitte *Sep 2020 - Oct 2024*

- Developed and maintained enterprise-level solutions
- Debugging and code optimization in production environments
- Built responsive web interfaces using CSS, JavaScript
- Integrated SQL Server databases and REST APIs
- Implemented secure authentication and data validation
- Mentored new team members on development best practices

PROJECTS

Tech Haven

Python, Django, MongoDB, PostgreSQL, HTML, CSS, JavaScript

- Developed a full-stack manufacturing platform with hybrid database architecture managing complex supply chain workflows
- Implemented real-time warehouse stock tracking, component ordering, and production line management systems
- Ensured seamless integration between raw materials and finished electronic goods inventory

Local Compass

Java, Spring Boot, PostgreSQL, HTML, CSS, JavaScript

- Built web application connecting local communities through event sharing, posts, and neighborhood reports
- Designed backend architecture using Spring Boot with PostgreSQL for robust data persistence
- Implemented features promoting community engagement and collaboration within neighborhoods

Wizard Battle

Java, SimpleGraphics

- Developed competitive battle game featuring spell-casting mechanics and power-up collection systems
- Implemented game physics and character control using SimpleGraphics library
- Managed project build and deployment

EDUCATION

Intensive Course in Software Engineering and AI
Code For All_
Sep 2025 - Dec 2025

Bachelor's Degree in Computer Engineering
Polytechnic Institute of Viseu (IPV)
Sep 2022 - Sep 2025

Technician Diploma in Web and Mobile Device Development
Polytechnic Institute of Viseu (IPV)
Sep 2020 - Jul 2022
